B

Hi Millie,

Great to hear from you! Yes, we had a wonderful holiday. Mum, Dad and I went to the Great Wall as we did ten years ago. We took photos at the same place. Dad showed me a photo we had taken then — just see how time flies!

Dad has changed a lot! In his thirties, he was slim with dark brown bushy hair. Now he's getting fatter and he is losing his hair! He's always had a square face, but now he grows a beard (胡子). Strangely, his beard is still dark brown, but his hair is turning grey!

Mum looks almost the same. She still has smooth skin and straight black hair, and jogging keeps her slim and fit.

I still have light skin and black hair. I'm getting much taller of course. Mum says I had cute rosy face, but now I have freckles (雀斑). I think they are kind of cute too, right?

Can't wait to see you back in school!

Boys and girls, well done on completing your exams! I hope all of you have got the results you want. Now please make sure you have the list of the books you need to read over the holiday. Remember to choose three of the books and write about what you think of them. Also, make sure that you exercise every day to keep fit and healthy. The holidays are long, so it would be nice if you help your parents with the housework, such as washing the dishes and cleaning the flat. A summer of going to bed late and getting up late is not recommended. Playing computer games all day is not a great way to spend it either. If possible, be a volunteer and do something for the society. You may choose to help your neighbours, or you can give your hand for a charity. You will surely feel happy after offering your help. I hope you have a lovely summer. See you in September!

When the program began, we had a tiny area of dirt and only a few flowers. Now, we've got over 20 kinds of fruits and vegetables growing at any time, and we have food all year round. The garden program is a great way for students to find out a different kind of learning. They did projects about how to protect nature. They also had plans for how not to waste food.
