Studying abroad is an amazing experience,especially when you come to Australia as an overseas high school student. You can have a lot of fun here,especially on holidays.

There are many festivals in Australia. The most important one is obviously Christmas. Each year, the summer holidays at every high school last about two months from the beginning of December to February. Since it is a long holiday,most overseas students love to fly back to their home countries to spend the time with their families and friends,but a few students still stay in Australia during the holiday to get part-time(兼职的) jobs. It is quite easy to find a part-time job at Christmas. Students often take part in another major social activity. They go to the beach to have fun in the sunshine.

Easter in March is another important holiday in the year. It actually combines(使结合) “Good Friday” and “Easter Monday”. Almost every shop closes on Good Friday. And people usually go to see Easter Show.

The Chinese New Year is not a public holiday in Australia, so every Chinese student still has to go to school to study and do his or her normal duties.

English is important for us. It's difficult to learn it well. Here is my method of learning English.

I read English books and speak English every day. If I find the new words, I don't look them up first. I will think and try to guess the meanings. Then I look them up. On Sundays and holidays I watch English TV shows and movies. So I can learn a lot of sentences and improve my English skills. I feel it easy to learn English in this way.
