An Unforgettable Person

Of all my teachers in junior high school, Miss Black is the most unforgettable person in my heart. She's tall and wears glasses. She's strict but patient with students.

I used to be poor at English. Miss Black always listened to my problems patiently and advised me how to solve them. What's more, she encouraged me to put in more effort. Now I have become more confident and got better scores in the exams.

I'll never forget Miss Black and I'll always be thankful to her. I want to be a teacher like her when I grow up.
