The listening test is one of the most important parts of the English exam. Here are some tips for you. First, don't be nervous before you start to listen. Second, try to read the questions. These questions usually help you understand the dialogue or the passage. Third, listen carefully to the first sentence. It usually tells you the main idea of the passage. Fourth, when you're listening, try to take some notes, such as what, when, where, and how. What does the speaker want to tell us? In this way, you may understand the passage better. Fifth, when you hear some words you don't know, don't spend too much time on them. Very often, you'll find out what they mean later when you go on with the listening.
