We had a lot of activities to practice speaking English. And my favorite one is "Electing a President and a Vice-President (选举总统和副总统)". I think it is a good chance for us to learn more English.

The teacher gave us the task and divided us into two groups. There were five students in each group. Each group chose two candidates (候选人) to run for president and vice-president. The other students in each group supported their candidates. All of us had to prepare speeches.

Speaking in front of the class and trying to persuade them to vote for our team is an important thing we learned from this activity. We learned to use future tense. Here are some examples: If I am elected, I will fight for better education. If she is elected, she will give women more chances.

Winter Fun:

After a heavy snowfall, children can play in the snow. They build snow houses, make snowmen and have snowball fights. People also enjoy skiing, skating and sledding in winter.
