Arog and Brog are two frogs. They lived in a village all their lives. They thought they would like to go and see the big city that was about ten kilometers away.

They talked about it for a long time, and at last they went to see the city. It was a hot day, and they soon began to feel tired. They only went a little way when Arog said to Brog, “We must be near the place. Can you see the city?”

“No,” said Brog, “but if I climb up on your back, I might be able to see it.” So Brog climbed up on Arog’s back to see the city.

Now when Brog put up his head, his eyes could only see what was behind, and not what was in front. So he saw the village they left just now.

“Can you see the city?” asked the frog who was below.

“Yes,” answered Brog. “I can see it. It looks just like our village.”

Then the frogs thought that it was not worth going any other places. They stopped walking and went back. They told the frogs around the village that they saw the city, and it was just like village.

- ()51. Why did the two frogs talk a long time before they went to see the city?

A. A lot of frogs. B. The village they left just now.
C. Another village looked like theirs. D. A beautiful city in the front
- ()54. The two frogs stop walking because _____.
A. there was no city at all B. they were too tired to walk
C. it was dangerous to go ahead D. they thought it was not worth going any other places
- ()55. What does the writer want to tell us?
A. If you want to make it, you should keep on doing it.
B. In fact, life in the village is as good as that in the city.
C. If you want to do something, you should think it over.
D. Sometimes you can’t make your dream come true, though you work hard.

C

Summer is coming here and for many people it means to have a summer camp. In America, there is a very special camp each summer—Nighthawk Ranch.

Nighthawk Ranch is a camp for kids aged 10-18 who are recovering(恢复) from cancer. Tom and

Dorothy Evans started the camp to provide a good place for those children, helping them build hope and keep confident.

The camp has 7 kids at most every time, and it lasts one week. All the camps at Nighthawk Ranch are free! Many people and teams give money to Nighthawk Ranch, so the kids and their families don’t need to pay anything.

At the camp, each kid needs to look after a horse for the week, the same horse they will learn to ride. Also, the kids can take part in other activities, such as water sports and arts.

Most of the kids look a little unfriendly and shy at first, but by the time the last day comes, they are different children! It is great to see the changes in **them**.

Nighthawk Ranch is so much more than a summer camp. It’s really a wonderful experience for the kids and their families.

- ()56. The writer thinks Nighthawk Ranch is _____ in the first paragraph(段落).
A. boring B. special C. crazy D. common
- ()57. Who can take part in Nighthawk Ranch?
A. A healthy boy.
B. A confident girl.
C. An 8-year-old child who gave money to the camp.
D. A 15-year-old kid coming back from cancer.
- ()58. Which is TRUE about the camp?
A. Each camp lasts 8 days. B. Each camp is free for the kids.
C. Kids need to ride the horses very well. D. Kids can’t take part in water sports.
- ()59. The underlined word “**them**” means _____.
A. horses B. activities C. children D. families
- ()60. The writer writes this passage in order to _____.
A. raise money for kids under 18 B. invite more students to Nighthawk Ranch
C. make the kids more confident D. tell people something about Nighthawk Ranch

D

Open an app, such as Meituan, Eleme and Hema, then place your order and wait for your food to be sent to your home. The online food delivery(配送) services are very popular in China these days. About 544 million Chinese people use them.

Which kind of people order food online the most? The answer is young people. A study shows that 86.3% of the service users are between 20 and 34 years old. Those who live in small families depend on food delivery services greatly.

Another report says, Chinese people changed in size over the past twenty years. In 2002, only 7.7% of families were single-person family. But this number went up to 25.7% in 2022. The number of two-person families went up from 18.4in 2002 to 33.8% in 2022. For small families, cooking takes more time and it needs more materials.

China’s food delivery services also help online food ordering become popular. Meituan’s report tells us the time it takes to make a food delivery dropped from 38 minutes to 20 minutes in 2022. Many delivery platforms(平台) are also providing more services like delivering fruits, vegetables, medicine and flowers. As its services improve, the food delivery will grow faster and better.
