六、How can we become good language learners?

What makes a good language learner? There are some things that good language learners do and some things they don't do.

First, don't be afraid of making mistakes. People often get things wrong. Good language learners notice their mistakes and learn from them. Then, do group activities. People use language to communicate with other people. Also, be sure to use a dictionary. Good language learners often use dictionaries to check the meaning of words they don't know. What's more, good language learners have fun with the language. Watch a film, listen to songs, play video games or read a book. Besides, often making notes can help you remember important knowledge well. At last, think in the language you're learning outside the classroom.

Don't forget that it's never too late to become a good language learner.
