Felicia Grimmerhag from Sweden doesn't let anything get in her way, even a life-changing accident.

After a serious car accident, Felicia had to get used to getting around in a wheelchair (轮椅). But that didn't stop her from following her dream of becoming a top horse rider. In early June 2011, 17-year-old Felicia got hit by a car. When she woke up in the hospital, she found both of her legs were missing. However, Felicia didn't **quit** trying to achieve her dream. But after ten weeks' training, she could ride once again!

"The horses have meant a lot to me," Felicia said. "When I sit on a horse, I don't feel like the disabled Felicia. I feel like the confident (自信的) Felicia."

She has since taken part in competitions around the world, showing she doesn't need legs to win. Last year, she won silver at the Swedish Championships, and now she is preparing for the Tokyo Paralympics.
